

Saumya Verma

Frontend Developer | React | JavaScript | UI Development

Noida, India | +91-7355004579

 saumya.verma46@gmail.com |  [LinkedIn](#) |  [GitHub](#) |

Professional Summary:

Frontend Developer with hands-on experience building responsive and user-focused web applications using **React.js, Next.js, JavaScript, HTML, and CSS**. Skilled in developing CRUD applications, reusable UI components, dynamic routing, and state management. Experienced in creating scalable frontend architectures and deploying projects using modern development workflows. Transitioned from **5+ years of professional content writing and healthcare documentation**, bringing strong analytical thinking, accuracy, research skills, and attention to detail into software development.

Technical Skills:

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React (Hooks), Next.js, Responsive Design, Flexbox, Grid

Concepts & Development: DOM Manipulation, CRUD Operations, Dynamic Routing, Responsive UI Development, State Management, Component Based Architecture, REST API Integration, Accessibility Basics.

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, Vercel

Backend (Learning): Node.js, Express.js, MongoDB

Other Strengths: Accessibility Basics, UI Consistency, Problem Solving

Projects:

Food Ordering App (Full-Stack Web Application):

Tech Stack: *React.js, Node.js, Express.js, MongoDB Atlas, Mongoose, JavaScript, CSS*

- Developed a full-stack Food Ordering Application using React.js, Node.js, Express.js, and MongoDB Atlas.
- Implemented REST APIs and complete CRUD operations for managing food items and menu data.
- Built search and category filtering functionality to improve food discovery and user experience.
- Developed a shopping cart system with dynamic state management and real-time UI updates.
- Created dashboard statistics by integrating backend APIs with MongoDB data.
- Connected frontend and backend through RESTful APIs and managed database operations using Mongoose.

- Deployed the frontend on Vercel and backend on Render, making the application fully accessible online.

- Demonstrates understanding of full-stack development, API integration, database management, and deployment workflow.

- **Live Demo:** <https://food-ordering-frontend-olive.vercel.app>

- **Frontend Repo:** <https://github.com/saumya-30-verma/food-ordering-frontend>

- **Backend Repo:** <https://github.com/saumya-30-verma/food-ordering-backend>

Notes App (Next.js) — CRUD Application:

Tech Stack: *Next.js, React.js, JavaScript, CSS*

- Built a full-stack Notes Application using **Next.js** with integrated **API routes**.
- Created custom **API endpoints (Next.js API Routes)** for handling CRUD operations (Create, Read, Update, Delete).
 - Implemented dynamic routing for individual notes and structured data flow between frontend and backend logic.
 - Managed state and API communication using fetch for real-time updates.
 - Ensured clean component architecture with reusable UI components.
 - Designed responsive and user-friendly interface for smooth experience across devices.
 - Demonstrates understanding of **Next.js API Routes, full-stack flow, and modern React patterns**.

- **Live Demo:** <https://notes-app-nextjs-two.vercel.app/dashboard/notes>

- **GitHub Repo:** <https://github.com/saumya-30-verma/notes-app-nextjs>

Freelance Client Management App (React) — Featured Project:

Tech Stack: *React.js, JavaScript, CSS*

- Built a real-world CRUD application using **React Hooks (useState, useEffect)**.
 - Implemented add, edit, delete, and persistent storage using **localStorage**.
 - Managed component state and ensured synchronized UI updates.
 - Designed responsive and scalable UI focused on usability and clean design.
 - Demonstrates practical understanding of React state management and frontend architecture.
 - **Live Demo:** <https://freelance-client-management-system.vercel.app/>
 - **GitHub Repo:** <https://github.com/saumya-30-verma/Freelance-client-management-system>
-

Professional Experience:

IDS Infotech Ltd — Noida, India

Senior Abstracting & Indexing Associate (UK & Domestic) | May 2021 – Present

- Processed and indexed 2000+ academic and scientific documents.
- Created structured metadata improving research discoverability.
- Maintained **99%+ quality accuracy** through detailed validation checks.
- Collaborated with editorial teams to improve content organization.

Content Writer – Healthcare (US Shift) | Jul 2019 – Apr 2021

- Produced healthcare documentation and clinical summaries.
 - Ensured compliance with HIPAA and client-specific standards.
 - Worked in high-volume, deadline-driven environments.
-

Education:

M.Tech – Bioinformatics — Delhi Technological University (2017–2019)

Postgraduate – Biochemistry — University of Allahabad (2015–2017)

Certifications:

- Frontend Development Certification — OneRoadmap
 - Frontend Web Development Internship — CodTech IT Solutions
 - Ongoing Full Stack Training — React, Node.js, MongoDB
-

Additional Highlights:

- Transitioned successfully from content domain into software development.
 - Strong research and analytical thinking applied to technical problem solving.
 - Passionate about building scalable and user-friendly web applications.
 - Actively improving React and full-stack development skills.
-
